

THINK MEASLES

Children, teenagers, young adults and anyone who has missed their MMR vaccination can get measles.

SYMPTOMS SUCH AS:

- Sore red eyes
- Rash sometimes starting around the ears
- Runny nose
- High fever
- Aching and feeling unwell
- Cough

REMEMBER, IF IT COULD BE MEASLES

they need to be in an area where they **cannot** pass the infection to vulnerable patients such as the non-vaccinated, immunocompromised and pregnant women.

- Get samples to diagnose
- Notify cases to Public Health
