

CHICKENPOX IS CIRCULATING

Symptoms of chickenpox include:

Itchy Rash

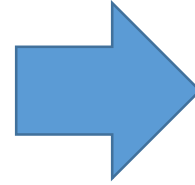

Cough

Headache

Fever

If you or your child have symptoms of chickenpox:

- Stay in your room or in an area where you cannot pass the infection to vulnerable people
- Let your centre manager know

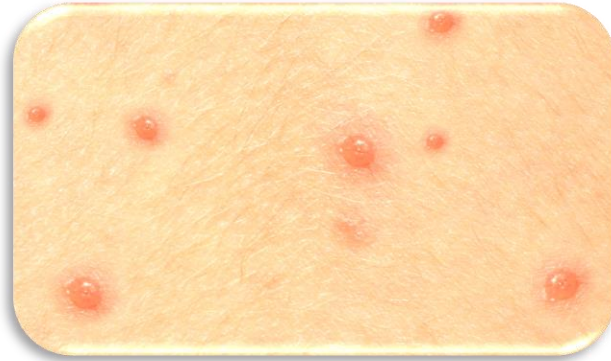

If you are pregnant or immunocompromised:

- Wear a mask in common areas
- Wash your hands regularly
- Let your centre manager know

Chickenpox starts with red spots.

The spots fill with fluid and may burst.
